

## View Footage on XION DVR

1. Use the mouse to slide the cursor to the bottom of the screen until the icon box appears.
2. Left click on the left hand icon marked TOOL.
3. Move the cursor and click on the option SEARCH.
4. Left click the CALENDAR option.
5. Left click on the day you want to view, (you can tell which days have footage on by the asterisk to the left of the date).
6. Underneath the calendar is the time scale, starting at midnight on the left going through to midnight on the right. Left click on the scale to select required time.
7. Click the OK.
8. Playback will begin, you can use the FAST FORWARD or REWIND icons to move forward or back or simply left click on the time scale to adjust.
9. When you have finished viewing RIGHT click anywhere on the screen and left click LIVE MODE to return to live images.
